

### *The Daniel Cameron Memorial Bursary*

Daniel Cameron a resident of Mulgrave and a Grade 11 student at SAERC passed away on October 5, 2010 at the young age of 16.

Daniel is remembered best as an adventurous young man. Much of his free time was spent outdoors, camping, fishing, dirt biking and snowmobiling. He also loved working with his dad doing small engine repairs or carpentry with his grandfather Dave.

Those close to Daniel knew his real passion was “cooking and baking” for his family and friends. His future plan was to enroll in a Culinary Arts Program.

If it was a hands on task, Daniel was engaged. He gained such personal pleasure when he fixed or created something with his hands. Daniel also loved helping others. His compassion was sincere and appreciated by many.

In Daniel’s memory we hope to continue to help others achieve their goals and dreams with this bursary.

Criteria: SAERC high school graduating student who has been accepted into an approved college to study the trades discipline. Special consideration given to students who are accepted into the Culinary Arts Program.

Completed applications are to be passed into the guidance office by **May 26, 2017**
