

### *The Niki King Memorial Bursary*

A resident of Cleveland, NS, Nicole "Niki" King spent her entire academic life in the Port Hawkesbury school system. Niki was a well liked and admired member of the student body at SAERC. She was a 16 year old, grade 11 student when she passed away on April 20th 2009.

A well rounded person who loved fashion and travel, Niki was the very definition of student-athlete who played both soccer and volleyball for SAERC. She travelled throughout the province as a proud representative of the school. Through her actions on and off the court or field, she was a positive role model and peer. Her desire to win was not only for herself but for her coach, her team mates and her school. Niki maintained high grades in addition to her extracurricular activities, winning both gold and silver medals in recognition of her academic achievements. She was truly able to balance sports, studies, and a part-time job, as well as enjoy family and friends.

Niki was a helpful and courteous person who got on well with both staff and other students. An important aspect of Niki's personality was her willingness to help others. Frequently, she was the one to approach the new student, the student sitting alone or the student who was just having a bad day, with a kind word, a smile or a hug.

Whether in the classroom or on the court, Niki saw herself as part of SAERC life and was determined to make it the best place for herself and everyone else. Niki was the brightest star in our lives and we hope this bursary will help to give other students their chance to shine.

## **Niki King Annual Memorial Bursary**

### **Application Process:**

Submission of resume with covering letter addressing future educational plans and objectives.

### **Selection Process:**

Selection Review Committee consisting of members of The Niki King Memorial Fund.
